NOTE: *blank cells indicate data not available or (in the case of rankings) indicate that the school was not qiualified to be ranked by U.S. News and World Report. For example, schools below the 25th percentile have their scores concealed by US News & World Report who simply report the entire bottom quartile's ranking range. We elected not to show that range here because it's not specific enough to be meaningful in our data. Schools without a grade 12 or with very small enrollment are simply displayed as Unranked by US News & World Report and not shown here.* ***NOTE:*** *high schools that did not provide data for this report are not listed here.*
